13. **GENERAL BUSINESS**

a. Consideration to APPROVE A MOTION of the City Council of the City of Aurora, Colorado, giving the City Manager authority to negotiate an Agreement with The Denver Foundation to administer a limited scope grant program concerning displacement at the Denver Meadows Mobile & RV Park with funding in the amount of $____ or funding to be determined at a future date. STAFF SOURCE: Daniel Brotzman, Interim City Attorney

Mayor LeGare discussed the ongoing negotiations between the City and the Denver Meadows Mobile Home Park owner, noting that while a formal agreement has not yet been signed, the Denver Meadows Mobile Home Park owner has agreed to provide $300k to help families relocate.

Council Member Murillo discussed the three-year journey the Denver Meadows community has been on and the development pressures they have faced to try and remain in the Aurora community. She pointed out these pressures were particularly challenging because the property was located so close to the medical campus which made it highly desirable. She noted they were advocating for themselves and while several plans fell through, their desire to remain in the community was the driving force which led to this item. She commended everyone involved for their efforts and applauded the substantial progress that has been made. She pointed out this never should have gotten to this point and stated her hope that the City Council would support this community so that they did not end up on the street.

Nancy Flores; Petra Enriquez; Noemi Herrera, Arturo Aquirre; and Ana Tovar for Lorena Valentina; Denver Meadows residents, discussed the $20k amount the Denver Meadows residents needed to relocate, expressed appreciation to everyone for their efforts on their behalf, requested City Council approve the item and discussed their personal situations as it related to the item.

Alison Coombs reiterated the need to make sure the Denver Meadows residents have safety, recompense and security while facing the loss of the stability of having a home and the loss of the equity in their homes.

Mayor LeGare stated those Denver Meadows residents who sought aid from the Aurora Housing Program would not lose out on the payment from the property owner. He stated his hope for a written and signed agreement that would state how much the residents would get. He stated it was an unfortunate situation that landlords were turning residents away because of this situation. He suggested the City provide a letter in that regard.

Council Member Berzins stated her distress that residents were living in fear because no one has answered their question about taking money from different resources impacting their ability to receive additional help.

Mayor LeGare stated staff has made extensive efforts to get that information out.

*The City Charter prescribes the Mayor may vote on resolutions and ordinances only to create or break a tie vote of Council Members present. The Mayor Pro-Tem is always permitted to vote on all items.*
Council Member Murillo expressed appreciation to those who attended the meeting and stated her hope that this issue would not come up again. She pointed out that a Mobile Home Task Force has been initiated and has provided recommendations in that regard.

Council Member Lawson expressed her regret that she did not do more to address the issue in the past.

Council Member Watson expressed appreciation to Mayor LeGare for his efforts in this regard. He asked if the park closing date had been determined. Mayor LeGare stated the park closing date has been extended to Wednesday, May 1, 2019 in order to continue with the payment discussion for the residents.

Council Member Bergan echoed Council Member Watson’s appreciation of Mayor LeGare’s efforts in this regard. She stated her wish that the property owner would have stepped up to cover the entire cost of the relocation but noted legally, he did not have to. She expressed concerns related to this item setting precedence and bad policy moving forward. She stated she would wait to hear the proposal prior to making her decision.

**ORIGINAL MOTION**

Motion by Hiltz, second by Johnston, to approve item 11c.

**AMENDMENT I**

Motion by Murillo, second by Richardson, to amend item 13a to fill the blank with $10k per unit and to strike ‘or funding to be determined at a future date.’

Mayor LeGare asked if that was per family. Council Member Murillo answered affirmatively. Mayor LeGare asked if it could be per unit because there were multiple families within a unit. Council Member Murillo answered affirmatively.

Council Member Richardson stated his support of ‘per family’ because there were multiple families per unit.

Council Member Bergan stated the owner was offering approximately $16k per unit.

Mayor LeGare stated it was $300k that has been offered that has not been divided equally yet.

Council Member Bergan stated there were 25 families with six families who have had separate litigation. She stated her hope that it would be distributed per unit because $10k per unit was very fair.

Council Member Watson pointed out the amendment put the Council in front of the negotiations and asked if the amendment meant every family would receive $10k. Mayor LeGare stated that was his understanding of the amendment, noting the number of families was unknown at this time.

Council Member Murillo agreed to make the amendment state $10k per unit.

Council Member Berzins asked if this was a safety net put into place in case the owner did not do what he said he would do.

*The City Charter prescribes the Mayor may vote on resolutions and ordinances only to create or break a tie vote of Council Members present. The Mayor Pro-Tem is always permitted to vote on all items.*
Council Member Murillo stated it would be in addition to what the owner was offering.

Council Member Bergan stated the Denver Foundation would administer the grant program and would determine the best use of the monies.

Council Member Murillo concurred.

Council Member Bergan stated the Denver Foundation would administer the grant program and would determine the best use of the monies.

Council Member Bergan asked if it could be made contingent upon the owner following through with his potential offer. Mayor LeGare stated he would not support that.

Council Member Murillo concurred, noting that was a great risk with no guarantee.

Council Member Roth stated his appreciation for that perspective, noting he would be much more comfortable with the item if it were need-based.

Mayor LeGare stated the money could be allocated based on need but the negotiations with the owner was based on what the residents paid for their units.

Council Member Hiltz stated her support of the $10k, noting this community has had needs for three years and nothing has been done to help them relocate. She stated the City has failed them by not helping them in a housing market that the City created.

Council Member Bergan asked if the monies were marijuana monies and not general fund monies.

Mayor LeGare did so.

Mayor LeGare stated that was not in the motion but it could be added.

Council Member Berzins asked if the Denver Meadows attorney had a preference on whether to pay each resident or for it to be based on need. Mayor LeGare stated his understanding that their preference was based on what the residents paid for their mobile home.

Council Member Watson asked if this related to the remaining units at the park. Mayor LeGare answered affirmatively. Council Member Watson asked how many remained. Mayor LeGare stated it was between 15 to 21.

Council Member Murillo stated it was time to make the decision because the longer they waited, the more pressure people would feel.

Council Member Watson stated he did not vote on the amendment because he felt that it put a burden on the City because the City was in a situation where they would be negotiating with the property owner later in the week. He stated his hope that it would not happen that way.
