11. ORDINANCES FOR INTRODUCTION

a. **2019-14**
Consideration FOR AN EMERGENCY ORDINANCE of the City Council of the City of Aurora, Colorado, amending Section 146-1207 of the Aurora City Code, to give Council Authority to Approve Operator Agreements for Oil and Gas Operations in the City. STAFF SOURCE: Christine McKenney, Client Group Manager, City Attorney

Mayor LeGare provided a brief summary of the item.

Motion by Richardson, second by Watson, to introduce the emergency ordinance item 11a without the 2000 foot setback requirement.

Council Member Bergan clarified this was an ordinance that would allow City Council to enter into operator agreements with operators.

Daniel Brotzman, City Attorney, discussed the emergency ordinance requirement as it related to the number of votes required of those present.

Council Member Johnston asked staff for an explanation of an emergency ordinance. Mr. Brotzman stated it had to relate to a health safety or welfare concern that had to be dealt with immediately. Council Member Johnston asked how that translated into terms of the reading. Mr. Brotzman stated the referendum period was eliminated.

Mayor LeGare asked if the vote were not unanimous then the ordinance to allow the operator agreements would go through the regular process. Mr. Brotzman answered affirmatively.

Council Member Watson stated the original ordinance would be voted on if the current motion failed.

Mr. Brotzman concurred.

Council Member Johnston stated her support of the use of operator agreements rather than administrative approvals, however she would not support the emergency nature of the ordinance because oil and gas was a contentious issue.

Council Member Watson noted it has been determined that oil and gas issues were health and safety issues.

Mr. Brotzman concurred.

The City Charter prescribes the Mayor may vote on resolutions and ordinances only to create or break a tie vote of Council Members present. The Mayor Pro-Tem is always permitted to vote on all items.
Council Member Watson asked if City Council could discuss these issues if the ordinance did not pass. Mr. Brotzman stated the ordinance gave City Council the authority to review the agreements and approve them, noting City Council currently had the authority to discuss them but not ratify them.

Council Member Richardson encouraged City Council to support the item.

Council Member Bergan concurred.

Council Member Hiltz stated she did not support the item as an emergency ordinance.

Council Member Johnston raised the topic of SB 181, noting it would completely change how oil and gas applications would be processed.

Council Member Bergan stated this issue has been discussed for more than a year and this would allow City Council to be protected during these agreements. She pointed out the standards of protection and safety would come in the agreements and the ordinance just allowed for them to occur.

Council Member Gruber concurred.

Mayor LeGare asked Council Member Richardson if he would consider withdrawing the emergency portion of the motion. Council Member Richardson answered no.

Voting Aye: Bergan, Berzins, Gruber, Richardson, Watson
Voting Nay: Hiltz, Johnston, Lawson, Murillo

Motion by Richardson, second by Bergan, to approve item 11a without the word emergency.

Council Member Murillo asked for clarification regarding the 2000 foot setback. Mayor LeGare did so, noting the 2000 foot setback notice requested by the property owner.

Council Member Johnston confirmed she would not make an amendment in that regard because she wanted to look at the code in its entirety.

Voting Aye: Bergan, Berzins, Gruber, Hiltz, Johnston, Lawson, Murillo, Richardson, Watson

12. RECONSIDERATIONS AND CALL-UPS

Motion by Gruber, second by Berzins, to remove the rezoning of the Denver Meadows off the table.

Voting Aye: Mayor LeGare, Bergan, Berzins, Gruber, Hiltz, Johnston, Lawson, Richardson, Watson
Voting Nay: Murillo

Mayor LeGare discussed the rezoning process for the Denver Meadows property.

Council Member Murillo referenced and discussed the agreement between the City Council and the Denver Meadows property owner, noting part of that agreement was a request to remove the rezoning from the table. She discussed the process and pointed out the rezone was a part of a public hearing where facts were heard and that was when City Council made their decisions. She welcomed all those involved to attend and expressed appreciation to the Mayor for his efforts in that regard.
