Officer, Aurora Water; Marijo Brady, Program Manager, Community Rating System Program, FEMA Region VIII Mitigation Division, and Ivone Cruz, International Organization for Standardization (ISO), to come forward. Ms. Brady read the plaque recognizing the City of Aurora for their efforts in class improvements in the community rating system.

7. **PUBLIC INVITED TO BE HEARD (non-agenda related issues only)**

Jon Perkins, Denver Area Labor Federation, spoke in favor of the Fire and Police Pension Association. (FPPA)

Bryan Lindstrom, Aurora, Colorado, discussed his concerns related to parliamentary procedure in City Council meetings as it related to Robert’s Rules of Order.

Mayor LeGare clarified the City Council governed their meetings using Parliamentary Procedure by O. Garfield Jones.

Margaret Sobey, Chairman, E-470 Neighbors Coalition, expressed concerns related to proposed zoning code changes in the City.

Randall McCoy, Aurora, Colorado, expressed appreciation to the Aurora Police Department for their recent efforts in apprehending a perpetrator and asked for their continued efforts in that regard.

Kristen Mallory, Aurora, Colorado, stated her interest that the speaker slip rule was being enforced at this meeting when it was so important to support public involvement.

Dena Zerr expressed concerns related to the lack of traffic safety control devices at the Vanguard Classical School East.

Mayor LeGare directed Ms. Zerr to speak to Nancy Freed, Deputy City Manager, for a follow-up.

8. **ADOPTION OF THE AGENDA**

The agenda was adopted as presented.

12. **PUBLIC HEARING WITHOUT RELATED ORDINANCE**

a. Public Hearing for an Appeal of the Planning and Zoning Commission Denial of the Providence at the Heights Site Plan with Waivers. *Case number 2018-4009-00, Denied at the July 25, 2018 Planning Commission with a unanimous vote (Watson absent)* STAFF SOURCE: Brandon Cammarata, Senior Planner, Planning & Development Services

Mayor LeGare opened the public hearing on the item.

Daniel Brotzman, Interim City Attorney clarified the item was an appeal of a site plan denial of the Providence at the Heights (PATH) site plan by the Planning and Zoning Commission and was not a re-zoning request. He discussed the information the City Council could and could not consider when hearing this item as a quasi-judicial body.

Mayor LeGare stated his plan to facilitate and streamline the testimony process as chair of the meeting, noting he would potentially limit the testimony when multiple speakers were repeating testimony, would ask those present to stand both in opposition and in favor of the item and speakers to pass on their opportunity to speak if they agreed with previous speakers.

Brandon Cammarata, Senior Planner, Planning & Development Services, gave a presentation on the item.

Council Member Gruber raised the topic of parking requirements and the related studies regarding the number of drivers in certain cities and asked staff to address that issue. Mr. Cammarata stated he might defer to the Traffic Division or applicant for information on why those cities were chosen.

Council Member Johnston asked staff to speak to the historical impact of permanent supportive houses on property values. Mr. Cammarata stated he did not have that information. Council Member Johnston stated her research on the topic found there has not been an affect on property values.

Mayor LeGare referenced discussion in the backup material related to a shared parking agreement with the church and asked if staff was aware of any legal document that would be recorded that made the shared parking agreement permanent. Mr. Cammarata answered affirmatively. Mayor LeGare asked how many spaces were included in the agreement. Mr. Cammarata stated the agreement included 53 shared spaces. Mayor LeGare asked if there were approximately 92 spaces. Mr. Cammarata answered affirmatively. Mayor LeGare asked if the requirement that the shared spaces be permanent was a condition of the site plan. Mr. Cammarata answered affirmatively. Mayor LeGare asked staff if the condition could be enforced if the parcels were split.

Dan Money Assistant City Attorney, answered no.

*The City Charter prescribes the Mayor may vote on resolutions and ordinances only to create or break a tie vote of Council Members present. The Mayor Pro-Tem is always permitted to vote on all items.*
Mindy Parnes, Planning Supervisor, pointed out the item related to amending the original site plan by dividing it into two pieces, creating the shared parking agreement between the two parties and offering a new amendment. She noted all of those items went with the site plan and would be recorded with both properties.

Mayor LeGare asked if the church site plan was being amended to include the shared parking on the 53 spots in perpetuity. Ms. Parnes answered affirmatively. Mayor LeGare asked staff to speak to the existing PCZD zoning allowance of a 60-foot height limit on multi-family which equated to four or five stories.

Mr. Cammarata stated the General Development Plan did not speak specifically to a height limitation, noting it only called out multi-family high rise.

Council Member Bergan asked if there was a shared parking agreement currently. Ms. Parnes stated it was not finalized and was a condition of approval.

Christian Pritchett, Developer, BlueLine Development Inc., gave a presentation on the item.

Munsey Ayers, Otten, Johnson, Robinson, Neff & Ragonetti, continued the presentation on the item.

Hassan Latif, Aurora, Colorado, Executive Director, Second Chance Center, concluded the applicant's presentation.

Council Member Johnston pointed out the Council's review of the site plan criteria related to the item's consistency with the comprehensive plan, particularly as it related to sustainability. She asked how the project was being funded long-term and if the funding stream was sustainable. Mr. Pritchett stated services were being funded through two mechanisms: upfront reserves and self-sustainability because the building took care of all of the onsite services without any third-party funding.

Mayor LeGare asked if it was the applicant's understanding that there would be legal and recorded documents that provided for permanent shared use of the parking spaces next door should the church site change ownership. Mr. Pritchett answered affirmatively.

Council Member Watson referenced the garage waiver and asked why the garages did not meet the requirement. Mr. Pritchett explained they related to Fire Department hose pull requirements.

Chad Holtzinger, President, shopworks architecture, discussed construction options that were available to honor the hose pull requirements.

Council Member Watson asked if raising the height of the building was possible. Mr. Holtzinger answered affirmatively, noting the applicant was not choosing that route at this time in an attempt to mitigate the impacts to the neighbors.

Council Member Lawson asked if people outside of the area could apply for housing because the applicant was receiving federal funding for the development. Mr. Pritchett answered affirmatively. Council Member Lawson stated therefore it could not just be the City of Aurora's jurisdiction.

Mr. Pritchett concurred.

Council Member Bergan stated the second waiver request related to the 90-foot setback requirement.

*The City Charter prescribes the Mayor may vote on resolutions and ordinances only to create or break a tie vote of Council Members present. The Mayor Pro-Tern is always permitted to vote on all items.*
Mr. Pritchett confirmed the waiver request related to a waiver for 90 foot of frontage off Alameda Parkway and clarified the setback requirements were exceeded for the site.

Council Member Murillo asked the applicant to speak to the various waivers. Mr. Pritchett did so, noting the waiver requests before City Council were the two waiver requests that were presented to the Planning Commission.

Council Member Hiltz referenced other development site plans approved with waivers by the Planning Commission and asked what made these waivers weigh more heavily. Ms. Parnes stated staff reviewed waivers on a case-by-case basis and therefore could not be compared. Council Member Hiltz wondered if the intended use of the area might have influenced these requested waivers as opposed to the other ones. She noted she was attempting to understand why one would be denied with two waiver requests and others were approved with more waiver requests.

Ms. Parnes stated she could not speak for the Planning Commission.

Council Member Watson asked staff if they took notes during the applicant’s presentation as to why the waivers should be approved. Ms. Parnes stated the applicant called out the attached and garage parking and adequate access as reasons to approve the waivers. Council Member Watson asked if there was another reason that the parking waiver could not be approved.

Mr. Pritchett stated in deference to the neighbors to the south and to be congruent with the surrounding areas, the applicant chose to keep the building as small as possible.

Council Member Watson asked if the neighbors were the primary reason. Mr. Pritchett answered affirmatively, noting the secondary reason was added construction costs.

Mr. Latif confirmed the consideration of the design was given to the neighbors to the south.

Council Member Hiltz referenced page 409 of the backup packet related to the denial.

Ms. Parnes asked Council Member Hiltz to refer to the meeting minutes for an accurate accounting.

Council Member Hiltz pointed out the information was included in the backup material and it raised the question of whether the denial was about the waivers or the intended use of the property.

Mayor LeGare clarified for the record that page 409 of the backup material was a support letter from the Denver Foundation.

Council Member Hiltz pointed out she was requesting clarification on what was stated at the meeting from those who attended the meeting.

Mr. Pritchett confirmed the item Council Member Hiltz referred to was an executive summary written by the applicant’s team and not a support letter from the Denver Foundation.

Council Member Hiltz reiterated she was seeking clarification of what was stated at the meeting. She pointed out the real reason for the denial was a concern.

Mayor LeGare stated it was noted for the record. He addressed the speakers and pointed out the potential tenants of the development could not be considered by City Council at this time and all comments should be limited to the site plan.

*The City Charter prescribes the Mayor may vote on resolutions and ordinances only to create or break a tie vote of Council Members present. The Mayor Pro-Tem is always permitted to vote on all items.*
Erin Crawford; Kristin Mallory; Ian Fletcher; Cody Boden; Leanne Wheeler; Gavin Attwood; Dace West; Cataline Vielma; Omar Montgomery; Juston Cooper; Christie Donner; Brian Arnold; Debra Gerkin; Michael Himawan; Matthew Guarino; Aubrey Valencia; Andrea Chiriboga-Flor; Rev. Amy Petre Hill; Bryan Lindstrom; Rev Wayne Laws; Rev. Corbin Tobey-Davis; W. Scott Bloyer; Sylvia Benteria; Kathryn Quillin; Jonathan Capelli; Katie Symons; Jim Hughes; Geraldine Hanson; Adam Abdullah; Pastor Terrance Hughes; Kayla Armstrong-Romero; Alison Coombs; Bill Holen; Linnea Reed-Ellis; and Imani Latif spoke in support of PATH.

Gilbert Robinson; Ella Korthas; James Taylor; Rick Mayer; Kathleen Taylor; Paul Resenhoeft; Joseph Wittig; Burgundee Butler; Ray Wendt; Melaku Ameneshoa; Jim Baratka; Wendy Jaramillo; Patricia Page-Bloom; Allison Waters; Gary Brockway; Bruce Williams; Mary Sampson; Annette Springs; Mitch Myers; and Ingrid Boettcher spoke in opposition to PATH.

Mayor LeGare asked those present in support of the item to stand. He recognized approximately 110 – 120 people standing in support. He then asked those present opposed to the item to stand. He recognized approximately 55 – 60 people standing in opposition. He asked the applicant to speak to the testimony that the rooftop units would be visible. Mr. Holtzinger did so, noting the rooftop units would be screened according to City requirements. Mayor LeGare confirmed with staff the screening was a requirement.

Ms. Parnes concurred.

Council Member Bergan asked staff how the rooftop units would be screened. Ms. Parnes stated with vertical screens and parapet walls around the perimeter of the units.

Mr. Latif clarified the development team has never stated that ‘this was a done deal’ and stated his offense that the statement continued to be repeated.

Mr. Pritchett pointed out the issue in front of City Council were the two waivers and stated all of the ways in which the site plan was in compliance.

Mr. Money clarified the item before City Council was a full site plan with two waivers and City Council should make their decision using the 11 criteria set out for a site plan approval.

Mayor LeGare closed the public hearing on the item.

Motion by Murillo, second by Hiltz, to approve item 10a.

Council Member Roth prefaced his comments by stating that he agreed the framework should be that this decision was about the Planning & Zoning Commission denial and not anything else. He noted the language in the backup material was that it was particularly difficult for the project to get the required frontage along the right-of-way which lent him to believe that this was the wrong location for this development. He discussed the difference between a parking analysis and real-life situations and stated he would not support the item.

Council Member Berzins expressed appreciation to all those who spoke at the meeting and who have sent messages and letters asking for the City Council to support Second Chance. She pointed out the item was not about Second Chance. She stated her support of Second Chance and discussed her previous extensive conversations with Mayor Hogan in this regard. She clarified Mayor Hogan went by the rules and would never say the word ‘discrimination.’ She expressed concerns related to the lack of frontage and egress and ingress for the site, noting the traffic study did not address emergency services and therefore had life and public safety concerns. She stated she would not support the motion on the floor.

Council Member Hiltz expressed appreciation to all those who spoke at the meeting and who remained into the late hour. She pointed out there were two separate issues being

♦ The City Charter prescribes the Mayor may vote on resolutions and ordinances only to create or break a tie vote of Council Members present. The Mayor Pro-Tem is always permitted to vote on all items.
discussed. She explained those who were seeking affordable housing in Aurora were young professionals similar to herself who could not afford to live in Aurora. She discussed the Second Chance Center and the amazing work being done there. She pointed out sex offenders would not be living in this development. She agreed emergency services were a valid concern across the City because half of the stations did not meet response times, however considering the Police District Commander for the area submitted a letter of support for the development, she felt emergency service concerns for this site did not relate. She pointed out the item was also supported by HUD and on the federal level. She stated she looked forward to calling up items approved by the Planning Commission that had many more waiver requests, noting her hope was to determine what it was about these specific parking lots compared to others that resulted in a denial. She pointed out the importance of not pushing people out to other areas and addressed those who have faced homelessness, who were formally incarcerated, and faced addiction and mental health issues, noting she heard them and saw them. She stated they mattered and were welcome in the City. She stated her support of the item.

Council Member Murillo expressed appreciation to those who came to the meeting to provide testimony particularly those who were vulnerable in their statements. She discussed the merits of the site plan in its entirety as related to the parking waiver and noted the applicant has worked to mitigate those issues. She addressed infrastructure and the landscaped area, noting the applicant has worked with City staff and the neighbors with significant outreach. She stated this applicant was the type of applicant the City wanted to work with because they were proactive, invested in meaningful projects and demonstrated their willingness to have open transparent dialogue.

Council Member Watson stated this was a difficult decision because everyone agreed Second Chance was a great program, noting he supported the program.

Mayor LeGare stated his support of the item because the zoning on the property allowed multi-family development which had adequate landscape buffering. He stated the shared parking agreement addressed the parking waiver and the additional landscape improvements made up for the landscape frontage waiver.

Voting Aye: Mayor LeGare, Hiltz, Johnston, Lawson, Murillo, Watson

Voting Nay: Bergan, Berzins, Gruber, Richardson, Roth
