COMMUNICATION WITH
THOSE CHARGED WITH GOVERNANCE
COMMUNICATION WITH GOVERNING BODY

**MATTER TO BE COMMUNICATED**

**Planned Scope and Timing of the Audit**

It is the auditor’s responsibility to determine the overall audit strategy and the audit plan, including the nature, timing and extent of procedures necessary to obtain sufficient appropriate audit evidence and to communicate with those charged with governance an overview of the planned scope and timing of the audit.

**OUR COMMENTS**

• The planned scope and timing of the audit was communicated to the County’s finance & audit committee at the audit entrance meeting on August 18, 2016.
COMMUNICATION WITH GOVERNING BODY

MATTER TO BE COMMUNICATED

Significant Accounting Policies and Unusual Transactions

The auditor should determine that the finance & audit committee is informed about the initial selection of and changes in significant accounting policies or their application. The auditor should also determine that the finance & audit committee is informed about the methods used to account for significant unusual transactions and the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

OUR COMMENTS

• Management has the responsibility for selection and use of appropriate accounting policies. The significant accounting policies used by the County are described in the footnotes to the financial statements. Throughout the course of an audit, we review changes, if any, to significant accounting policies or their application, and the initial selection and implementation of new policies. There were no changes to significant accounting policies for the year ended June 30, 2016.
• We believe management has selected and applied significant accounting policies appropriately and consistent with those of the prior year.
COMMUNICATION WITH GOVERNING BODY

MATTER TO BE COMMUNICATED

Management Judgments and Accounting Estimates
The finance & audit committee should be informed about the process used by management in formulating particularly sensitive accounting estimates and about the basis for the auditor’s conclusions regarding the reasonableness of those estimates.

OUR COMMENTS

• Management’s judgments and accounting estimates are based on knowledge and experience about past and current events and assumptions about future events. We apply audit procedures to management’s estimates to ascertain whether the estimates are reasonable under the circumstances and do not materially misstate the financial statements.
• Significant management estimates impacting the financial statements include the following: Useful lives of capital assets, allowances for doubtful accounts, and estimated liabilities for claims and judgments, OPEB, and PERS.
• We deemed them to be reasonable.
COMMUNICATION WITH GOVERNING BODY

MATTER TO BE COMMUNICATED

Management Judgments and Accounting Estimates (Continued)

Our views about qualitative aspects of the entity’s significant accounting practices, including accounting policies, accounting estimates, and financial statement disclosures.

OUR COMMENTS

• The disclosures in the financial statements are clear and consistent. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive estimates affecting the financial statement disclosures are pensions and other postemployment benefit obligations.

• We deemed them to be reasonable.
COMMUNICATION WITH GOVERNING BODY

Difficulties Encountered in Performing the Audit

The finance & audit committee should be informed of any significant difficulties encountered in dealing with management related to the performance of the audit.

Our Comments

- We are pleased to report that there were no difficulties encountered during the audit.
COMMUNICATION WITH GOVERNING BODY

MATTER TO BE COMMUNICATED

Significant Audit Adjustments and Unadjusted Differences Considered by Management to be Immaterial

The finance & audit committee should be informed of all significant audit adjustments arising from the audit. Consideration should be given to whether an adjustment is indicative of a significant deficiency or a material weakness in the County’s internal control over financial reporting, or in its process for reporting interim financial information, that could cause future financial statements to be materially misstated.

The finance & audit committee should also be informed of uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented that were determined by management to be immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

OUR COMMENTS

Passed Adjustments - County

• We are pleased to report that there were no disagreements with management.

Matter to be Communicated

Management’s consultation with other accountants

In some cases, management may decide to consult about auditing and accounting matters. If management has consulted with other accountants about an auditing and accounting matter that involves application of an accounting principle to the County’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts.

Our Comments

- We are not aware of any significant accounting or auditing matters for which management consulted with other accountants.
COMMUNICATION WITH GOVERNING BODY

MATTER TO BE COMMUNICATED

Other Material Written Communications
Report to the Finance & Audit Committee significant written communications between the auditor and client management.

Material Uncertainties Related to Events and Conditions (specifically going concern issues)
Any doubt regarding the entity’s ability to continue, as a going concern, should be communicated to the audit committee.

OUR COMMENTS

• Other than the audit contract, management representation letter and communication of those charged with governance, there have been no other significant communications.
• No such matters came to our attention.
COMMUNICATION WITH GOVERNING BODY

MATTER TO BE COMMUNICATED

**Fraud and Illegal Acts**

Fraud involving senior management and fraud (whether caused by senior management or other employees) that causes a material misstatement of the financial statements should be communicated. We are also required to communicate any illegal acts involving senior management that come to our attention, unless clearly inconsequential.
