West Eugene Enterprise Zone
Public Benefit Criteria – Final Changes

This document shows the final changes made to the Public Benefit Criteria, which Eugene City Council voted to amend at their July 24 meeting. The Criteria below incorporate both the Task Force and Council’s changes.

Businesses who participate in the West Eugene Enterprise Zone (the Zone) are required to meet additional Public Benefit Criteria in order to qualify for the full tax exemption\(^1\). The Criteria encourage businesses to take steps towards achieving certain community goals and priorities.

Step 1 outlines the nine public benefit categories. Step 2 outlines the job cap criteria that limits the amount of tax exemption a business can get depending on the number of jobs created.

**Step 1**

A business needs to get 25 points or more to qualify for the full exemption

**Tier 1 Criteria**

A business needs to score at least 15 points through Tier 1 Criteria

2. Wages

This category rewards businesses that offer high wages to all employees. Since the Enterprise Zones is designed to incentivize investments among traded sector* industries, the threshold is median wages** for traded sector industries.

*Traded sector industries include manufacturing, wholesale trade, & transportation/warehousing (defined by the OR Employment Dept.)
** If all salaries were arranged in order, the median wage would be the one with exactly half the data above it and half below it. The median wage is considered to be a more accurate reflection of the ‘average’ wage because it discounts extremes at either ends of the scale.

85% of 2016 Median Wage = $15.39 per hour
100% of 2016 Median Wage = $18.11 per hour
120% of 2016 Median Wage = $21.73 per hour

If the Lane County traded sector median wage drops below 120% of the minimum wage, then all companies should offer wages at or above 120% of the minimum wage to receive points. In 2016, 120% of Lane County’s minimum wage is $11.10 per hour.
