FINDINGS OF FACT AND CONCLUSION OF LAW

1. The annexation of territory to the Dexter Sanitary District was initiated on January 23, 2018 by a petition by the property owners of the proposed territory to be annexed, as authorized by ORS 198.857.

2. The application for annexation, cadastral and vicinity maps, and legal description indicate that the territory proposed for annexation is currently not within an existing sanitary district boundary.

3. On July 11, 2018, hearing notice was posted at the entrance to Harris Hall and at the Dexter Post Office. Additionally, notice was mailed to the petitioners and the Dexter Sanitary District. Legal notice was published on June 11 and June 21, 2017 in the Register Guard.

4. The public hearing required by ORS 198.800 was held on June 26, 2018.

5. The decision criteria analysis considered by the Board of County Commissioners follows:

(1) The land is not within a district formed under the same principle ACT; (ORS 198.720(2))

Staff Finding 1: The proposal meets this criterion. The territory proposed for annexation to Dexter Sanitary District (Principle Act 450.005 to 450.245) is not currently located within any other sanitary sewer district boundaries.

(2) The affected territory can reasonably be served or continued to be served by the facilities or services provided by the district; and (ORS 198.720(3))

Staff Finding 2: The proposal meets this criterion. Currently, Dexter Sanitary District provides sanitary sewer services to properties in the immediate vicinity, including an adjacent property to the west. The Dexter Sanitary District Board of Directors approved the annexation. See the resolution from the Dexter Sanitary District Board of Directors dated December 11, 2017.

(3) No land included in the affected territory will be removed if the land is benefited; (ORS 198.805(1));

Staff Finding 3: The proposal meets this criterion. As proposed, no land in the annexation area will be removed if the land is benefited.

(4) The boundary change is consistent with the Lane County Rural Comprehensive Plan, other applicable refinement plans, and other adopted land use regulations or agreements. (ORS 198.850(2))
**Staff Finding 4:** The subject property is located within an urban unincorporated area of Lane County and is subject to the Lane County Rural Comprehensive Plan (RCP). The subject property is located in the Rural Residential Zone (RR-5/RCP). One single family dwelling is permitted outright on properties designated as this zone as provided in Lane Code 16.290(2)(a). Per Lane Code Chapter 16.290, legal and habitable dwellings are identified as those that conform to building code standards and have indoor plumbing connected to a sanitary waste disposal system. Annexation of the subject property to the Dexter Sanitary District will ensure that the existing dwelling meets building code requirements and habitability standards for dwellings. Lane Code Chapter 11, Buildings, and Chapter 16, Land Use and Development Code, are instrumental in achieving the goals of the Rural Comprehensive Plan. Specifically, this annexation is consistent with RCP Goal 6, Policy 5, which aims to prevent degradation of ground and surface water quality by onsite sewage disposal systems. Therefore, annexation of the subject property is consistent with the Lane County Rural Comprehensive Plan.

No other refinement plans, adopted land use regulations, or agreements have been identified that conflict with this proposal.

6. Based on these findings, the Board concludes that the proposed annexation is consistent with all applicable laws.
