Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2022 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user’s application account, updating Applicant Profile) must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Unique Entity Identifier (UEI) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2022 Continuum of Care (CoC) Program Competition. For more information see FY 2022 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2022 CoC Program NOFO and the FY 2022 General Section NOFO.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- New projects may only be submitted as either Reallocated, Bonus Projects, Reallocated + Bonus or DV Bonus. These funding methods are determined in collaboration with local CoC and it is critical that applicants indicate the correct funding method. Project applicants must communicate with their CoC to make sure that the CoC submissions reflect the same funding method.
- Before completing the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- HUD reserves the right to reduce or reject any new project that fails to adhere to (24 CFR part 578 and application requirements set forth in FY 2022 CoC Program Competition NOFO.)

Regionally, over 58,000 low-income residents are served annually through programs, contractual agreements and partnerships with 40 public and private human service and housing agencies. LC has exceptional experience in developing and operating programs to meet the health and human service needs of the populations targeted in this application.

2. Describe your organization’s (and subrecipient(s) if applicable) experience in leveraging Federal, State, local and private sector funds.
As the applicant, the Lane County has a 44-year history of integrating and leveraging local, state and federal funding sources resources, while engaging business, private and philanthropic sectors as partners to improve outcomes for people experiencing and at risk of homelessness. Lane County coordinates and integrates services maximizing the use of public sector resources and leveraging private sector resources to meet human needs. LC provides the community with access to state and federal grants, leveraging local resources. LC staff work to continually identify all federal, state, and local funds to support the core components of a comprehensive, high-quality CoC system. Innovative funding strategies have always been an important building block. In this way, LC is able to use categorical funding for homeless programs at both the federal and state levels and meld them while leveraging private sector resources to perform the challenging work of comprehensive system building.

3. Describe your organization’s (and subrecipient(s) if applicable) financial management structure.

As a county governmental organization, Lane County (the applicant), has a very sophisticated financial accounting system in place. Lane County follows the well-established Lane County financial policies and procedures manual, which was approved by the governing board to document the financial policies by which the organization operates in accordance with Generally Accepted Accounting Principles. The policies are also reviewed during the annual financial audit for consistency with GAAP and for compliance with OMB Uniform Guidance. As a division of the Lane County Department of Health and Human Services, the Human Services Division has a clear separation of duties regarding collection, posting, and depositing of receipts, accounts payable, bank reconciliations, and check signing. The organization’s accounting system is more than adequate to track all revenue sources and expenditures in sufficient detail to obtain financial data on each program and each service within a program.

4. Are there any unresolved HUD monitoring or OIG audit findings for any HUD grants (including ESG) under your organization?  

No
3A. Project Detail

6. Is your organization, or subrecipient, a victim service provider defined in 24 CFR 578.3? No
7. Is this new project application requesting to transition from eligible renewal project(s) that was awarded to the same recipient and fully eliminated through reallocation in this CoC Program Competition? (Attachment Requirement) No
8. Will funds requested in this new project application replace state or local government funds (24 CFR 578.87(a))? No
3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.
Lane County Coordinated Entry SSO project will support an expanded Coordinated Entry Outreach team, a group of highly trained and skilled assessors that will move throughout our CoC’s entire geographic area to ensure that highly vulnerable households and those least likely to engage in the system or Coordinated Entry, are receiving standardized assessment and referral to permanent housing options.

In our current Coordinated Entry system, we have established “Front Door Sites” that are brick and mortar locations where households experiencing homelessness are directed to receive Coordinated Entry assessment. It is recognized that the current model presents a number of barriers for individuals to access Front Door sites, exacerbated by the ongoing pandemic, (lack of walk-in hours/in-person assessment, transportation issues, etc.) and an inconsistency in the assessment experience (turnover in employees doing assessment, lack of consistent training for assessors). Feedback from both households experiencing homelessness in our county, as well as from our local providers, is that our current process is not working efficiently and is leading to a negative Coordinated Entry experience for all involved.

This project will fund 1.5 FTE that will provide 500 individuals over the term of the grant with trauma informed and person-centered Coordinated Entry assessment using a standardized assessment tool and phased assessment approach. These highly trained and skilled assessors will coordinate with other organizations within our CoC to move throughout the region, ensuring that vulnerable households experiencing homelessness are provided access to Coordinated Entry where they are and reducing barriers to access. This approach would include having our assessors stationed at a variety of shelter and day access centers. Additionally, these assessors will work closely with operators from 211.org, who will be contracted using other funding, to provide hotline and web based access for those seeking Coordinated Entry assessment. This process will be advertised widely across the CoC via provider mailing lists, the Lane County (CoC) website and other marketing strategies (e.g. social media; newspaper/bus ads; press releases, etc.) to ensure that those who are most vulnerable and least likely to access traditional Front Door locations or services are provided access.

Outcomes expected for this project include:
- Coordinated Entry Outreach assessors will conduct assessments with 500 households over the term of the grant.
- 100% of assessed households will report having a positive assessment experience via post-assessment survey.
- At least 60% of clients engaged will be connected to basic need supports and housing pathways.
- The number of CE outreach clients who move into permanent housing will increase by 4% annually.

We expect this project to positively impact the following system performance measures:
- Reduction in length of time homeless
- Increase placement into Permanent Housing
- Increase placement into PH from Street Outreach

4. As an SSO-Coordinated Entry project answer the following questions:
4a. Will the coordinated entry process cover the CoC’s entire geographic area?  Yes

4b. Will the coordinated entry process be affirmatively marketed and easily accessible by program participants seeking assistance?  Yes

4c. Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance.

Lane County Coordinated Entry utilizes a no wrong door approach partnering with six different agencies to serve as front door assessment sites and with four street outreach teams to also conduct assessments. Information regarding front door assessment options are shared on the county homelessness focused website, in well established community resource guides and through 211info. All programs serving people at risk of homelessness or who are homeless are knowledgeable about the front door assessment sites and share information with their clients. Culturally specific agencies have also been briefed on front door assessments and locations where clients may receive them in their preferred language. The outreach teams are tasked with engaging those with the highest barriers to access services, particularly those in rural areas, with coordinated entry. Each outreach teams has a specific region in the community to focus on in order to more effectively engage with clients who have high barriers and be familiar with the area. They are able to conduct housing assessments and connect clients with other needed supports and resources.

4d. Will the coordinated entry process use a comprehensive, standardized assessment process?  Yes

4e. Describe the standardized assessment and referral process that directs individuals and families to appropriate housing and services.

Lane County currently utilizes the VI-SPDAT as its standardized tool for individuals and families. Depending on the household’s score, they are deemed ineligible for permanent housing programs (low score), or deemed eligible and placed on the Rapid Re-housing (RRH) or Permanent Supportive Housing (PSH) Coordinated Waitlist (CWL). When a RRH or PSH referral opportunity arises referrals are made from the appropriate CWL using the household’s VI-SPDAT score, their length of time homeless and their eligibility for the specific program. Case conferencing meetings are also utilized to assist with meeting eligibility, like proof of disability or documenting chronic homelessness status. All households may also utilize a Rapid Resolution program to problem solve around their housing challenges with a designated staff member and work to resolve them without formal program assistance.
4f. If the coordinated entry process includes differences in access, entry, assessment, or referral for certain subpopulations, are those differences limited only to the following groups:

(1) adults without children;
(2) adults accompanied by children;
(3) unaccompanied youth;
(4) households fleeing domestic violence, dating violence, sexual assault, stalking, or other dangerous or life-threatening conditions (including human trafficking); and
(5) persons at risk of homelessness?

Yes

4g. Will this coordinated entry project refer program participants to projects that specifically coordinates and integrates mainstream health, social services, and employment programs for which they may be eligible?

Yes
3C. Project Expansion Information

1. Is this a “Project Expansion” of an eligible renewal project?  No
6A. Funding Request

1. Will it be feasible for the project to be under grant agreement by September 30, 2024?  Yes

2. What type of CoC funding is this project applying for in this CoC Program Competition?  CoC Bonus

3. Does this project propose to allocate funds according to an indirect cost rate?  Yes

   Indirect cost rate proposals should be submitted as soon as the applicant is notified of a conditional award. Conditional award recipients will be asked to submit the proposal rate during the e-snaps post-award process.

   Applicants with an approved indirect cost rate must submit a copy of the approval with this application.
