This ensures that CoC Policies & Procedures, Written Standards, and Governance Charter are updated annually. The above activities ensure compliance with the provisions of the Interim Rule’s Responsibilities of the CoC. Planning Grant staff continuously work to develop a robust Continuum of Care system in Lane County, which includes ensuring that the CoC board meetings are accessible; the community, providers, & stakeholders are kept abreast of system-wide endeavors to address homelessness, and how individual projects align with an overall coordinated system. CoC staff provide community presentations to reduce the stigmatization of homelessness and meet with local law enforcement agencies to implement policies that decriminalize homelessness.

2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.
Lane County has staff that are well versed in the proposed CoC activities. Upon notice that the Planning Project receives HUD funding, Lane County immediately assigns proposed activities to current staff members that are knowledgeable in CoC Planning activities, allowing for immediate project start. Staff who have demonstrated success meeting performance outcomes and deadlines are assigned to the CoC Planning Project activities to effectively meet the performance objectives of this project. The CoC Lead monitors the start-up and ongoing progress of the key project activities to ensure effective and timely completion. Specifically, staff adheres to the following schedule of activities: a) Meet regularly, provide technical assistance to CoC and ESG service providers, providing refresher training and updates; b) Quarterly review ESG and CoC program plans and progress on outcomes; c) Annually review ESG and CoC activities for compliance with funding source regulations; d) In August of the funding year, begin preparation for the annual Point in Time Count (PIT) and Youth PIT Count; e) Administer Annual PIT Count during the last ten days in January of the funding year; f) Coordinate, plan, and execute Youth PIT Count with PHB Youth Homeless Solutions Workgroup and Youth Action Council (within third quarter of the funding year); g) Lead Environmental Reviews and Compliance activities for all CoC funded projects (on-going); h) Staff support to CoC board, committees, and work groups, on a monthly basis; i) Provide ESG and CoC projects, coordinated entry status, HMIS bed utilization, and annual progress reports, review system performance measures including gaps between need and inventory as needed; j) Provide staff support for annual updates of CoC Policies and Procedures/Written Standards and Governance Charter; k) the Sr. Office Assistant provides administrative support to Human Services Supervisor, CoC Lead and Program Services Coordinator re: announcements of monthly CoC board meetings, subcommittees and work groups; publication and posting of minutes and meeting materials, email distribution to CoC, web site updates posting CoC application, Coordinated Entry, Point in Time Count, HMIS, ESG etc. The Human Services Supervisor and CoC Lead meet weekly to evaluate progress toward meeting the performance objectives of this planning project. This assures monitoring of progress and eventual completion of proposed activities and allows needed adjustments to project timeline, staff assignments, etc. l) Annually monitor and evaluate all CoC-funded projects; m) Immediately prepare budgets, program plans, and develop agreements with sub-recipients to carry out projects.

3. How will the requested funds improve or maintain the CoC’s ability to evaluate the outcome of CoC and ESG projects?
The CoC Planning grant funds are utilized to create a comprehensive continuum of housing and supportive services for individuals and families who are homeless or at risk of homelessness. The CoC Lead uses HMIS data to evaluate project and system-wide outcomes from ESG and CoC providers to effectively meet the housing and service needs of the homeless individuals and families within Lane County. These funds allow for an increased capacity for evaluation of both CoC and ESG programs as staff will critically assess the data collected and the outcomes of both programs. Staff also bring evaluation and outcome data to the CoC Board for discussion and strategize as a community on how to improve outcomes and develop innovative projects to meet the unique needs of Lane County. Evaluative efforts will work toward ensuring that homeless households enrolled in both ESG and CoC projects move from the streets or emergency shelter to the appropriate housing component that encourages their eventual self-sufficiency in permanent housing in the community. Program standards continue to be developed for ESG and CoC programs serving people who are homeless. In 2018 the Technical Assistance Collaborative (TAC) conducted a full system analysis and report with 10 recommendations regarding reduction of the unsheltered population and increasing system-flow in Lane County. Implementation of these recommendations continues in 2022. CoC staff work with City officials, HMIS lead, the CoC Board, subcontractors, and community stakeholders (business, residents, elected officials, public administrators, faith-based organizations, and people with lived experience) to improve the shelter system and reduce the number of people experiencing unsheltered homelessness. The CoC staff and PHA staff are currently developing additional strategies to coordinate and leverage PHA and CoC resources to provide additional permanent supportive housing. Lane County utilizes ESG resources to fund Youth ES, Family RRH, and homeless prevention programs. CoC Planning Grant funds allow the CoC Lead to provide technical and program assistance to CoC and ESG subcontractors to develop program plans, track and monitor outcomes, monitor and improve quality of service through site visits and annual monitoring visits as well as case file reviews. The CoC Lead works to update the CoC Written Standards in a community process that engages providers to provide input on community-wide written standards. CoC Planning Grant funds allow the CoC Lead to coordinate services among providers and stakeholders, including engaging law enforcement, faith-based organizations, non-profits, people with lived experience, and community advocates to reduce the stigmatization and impact of homelessness in the CoC.
