| 1. Create new Permanent Housing (PH) beds for chronically homeless persons. | Expand Lane County’s CoC (Continuum of Care) Permanent housing (PH) bed capacity.  
  a. Provide additional housing units for chronically homeless singles and families with mental health and/or substance abuse problems.  
  b. Increase supply of permanent affordable housing for singles, families and youth who are homeless. |
| 2. 80% of homeless persons remain in or exit to Permanent Housing (subsidized or unsubsidized). | Work with all jurisdictions (cities and county) and Housing Policy Board to increase permanent housing inventory.                                                                                             |
| 3. 55% of homeless adults in PH programs (rapid rehousing or PSH) will maintain or increase income from all sources (employment and/or cash benefits). | Collaborate with other agencies within the Lane County CoC to increase employment opportunities.  
  a. Partner with St. Vincent de Paul to increase employment services to homeless individuals.  
  b. Partner with Lane Workforce Partnership to increase support services for job search and retention.  
  c. Partner with V.A. And Veterans’ Services of Lane County to increase job support services for homeless veterans. |
| 4. Ensure that the CoC has a functional Homeless Management Information System (HMIS system). | Train 120 service providers to enter data into HMIS so that accurate data is available to better count the number of unduplicated persons who are homeless or at risk of homelessness, including the frequency, depth, and breadth of homelessness and risk. This system tracks the outcomes and service improvements for homeless people who access the system; and plan more effectively to serve people who are homeless or at risk.  
  a. Use HMIS to manage the Coordinated Entry (CE) System for people who are homeless.  
  Continue and improve CE System for Homeless households with children  
  Add homeless households without children to CE System |
