MAINTENANCE TRADES SUPERVISOR

CLASS SUMMARY: This is the first-line supervisory level in a job series of a maintenance/trades type work. This class is distinguished from lower-level jobs by the responsibilities for supervision of daily and/or shift activities and staff and from management-level classifications by the emphasis on the performance of technical work and delivery of services. Incumbents are responsible for performing advanced and/or complex technical work in area assigned; providing technical direction and problem resolution related to program services and activities; ensuring staff and program compliance with applicable laws, regulations, policies and procedures; and reviewing and preparing statistical and related reports.

TYPICAL CLASS ESSENTIAL DUTIES: (These duties are a representative sample; position assignments may vary.)

1. Supervises maintenance, trades, and related support staff to include: prioritizing and assigning work; conducting performance evaluations; ensuring staff are trained; ensuring that employees follow policies and procedures; maintaining a healthy and safe working environment; and making hiring, termination, and disciplinary recommendations.

2. Plans, organizes, and supervises a designated area within a maintenance or trades function; coordinates outside contractor projects.

3. Performs a variety of complex technical work related to assigned area of responsibility; serves as a technical expert for the most complex maintenance or trades issues and problems.

4. Estimates costs to complete jobs and maintains various records and files of time, labor, and materials used in projects.

5. Participates in developing and implementing policies and procedures to ensure effective operations.

6. Oversees inventory and purchases supplies and equipment when needed; reads and interprets blueprints, drawings, and work orders to determine supplies, materials, and equipment necessary to complete projects.

7. Participates in the preparation and administration of the budget in assigned area of responsibility; prepares cost estimates and submits justifications for budget items; monitors and controls expenditures.

8. Assists in providing safety training; ensures staff adheres to safe work practices.

9. Performs other duties of a similar nature or level.
**Knowledge of** (position requirements at entry):
- Supervisory principles;
- Culturally competent practices;
- The role that culture plays in work relationships, operations and dynamics;
- Work scheduling principles;
- Applicable tools and equipment of the trade;
