CLASS SUMMARY: To appraise the value of real and personal property for tax assessment purposes; and to perform related duties as assigned.

CLASS CHARACTERISTICS:

Property Appraiser 1: This is the entry level class in the Property Appraiser series. This class is distinguished from the Property Appraiser 2 by the performance of the more routine tasks and duties assigned to positions within this series. Employees at this level are not expected to perform with the same independence of direction and judgment on matters related to established procedures and guidelines as are positions allocated to the 2 level. Incumbents perform standardized appraisals of residential, farm/forest deferral property or personal property in the County to establish a fair and accurate value upon which taxes will be assessed. Initial assignments are subject to close review while in progress and upon completion. After the initial training period, incumbents will be expected to conduct property appraisals of increasing difficulty and with less supervision.

Property Appraiser 2: This is the journey level class within the Property Appraiser series. This class is distinguished from the Property Appraiser 1 by the assignment of the full range of duties assigned. Employees at this level receive only occasional instruction or assistance as new or unusual situations arise and they are fully aware of the operating procedures and policies within the work unit. Positions in this class perform appraisals of all categories of residential, farm/forest deferral property and/or personal property to establish a fair and accurate value upon which taxes will be assessed. Incumbents may also perform entry level commercial or industrial appraisals. Employees may assist in training of other staff. Positions in this class are flexibly staffed and are normally filled by advancement from the 1 level.

SUPERVISION RECEIVED AND EXERCISED:
