Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2021 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user’s application account, updating Applicant Profile) must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2021 Continuum of Care (CoC) Program Competition. For more information see FY 2021 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2021 CoC Program NOFO and the FY 2021 General Section NOFO.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- New projects may only be submitted as either Reallocated, Bonus Projects, Reallocated + Bonus or DV Bonus. These funding methods are determined in collaboration with local CoC and it is critical that applicants indicate the correct funding method. Project applicants must communicate with their CoC to make sure that the CoC submissions reflect the same funding method.
- Before completing the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- HUD reserves the right to reduce or reject any new project that fails to adhere to (24 CFR part 578 and application requirements set forth in FY 2021 CoC Program Competition NOFO.

2B. Experience of Applicant, Subrecipient(s), and Other Partners

1. Describe your organization’s (and subrecipient(s) if applicable) experience in effectively utilizing federal funds and performing the activities proposed in the application.

The applicant, Lane County, has been lead agency and successfully administering HUD CoC grants since 1994. LC currently administers the Emergency Solutions Grant, HOME Tenant Based Assistance, Community Development Block Grant, State of Oregon housing programs and numerous other federal, state and local funded housing projects. For three years LC also administered the American Recovery and Reinvestment Act Homeless Prevention and Rapid Rehousing funds. Lane County is responsible for efficiently managing and coordinating resources from city, county, state and federal grants in the area of human services. LC manages the competitive selection processes, monitors sub-recipients' performance and adherence to program and fiscal grant requirements, completes reports to funding agencies, and provides technical assistance to non-profits and community partners. LC acts as an umbrella applicant of grants with multiple partners and are the regional administrator for the HMIS system. LC collects and analyzes program and client data to determine program effectiveness and to submit performance reports. Lane County, through its Human Services Division (HSD), has provided housing and human services on behalf of Lane County and the cities of Eugene and Springfield since 1972 through partnerships with other public, private non-profit, and private community-based organizations, schools, utilities and hospitals. The CoC program is operated by the Housing & Human Services Section of the Division. The Human Services Division is administratively a division of the Lane County Department of Health & Human Services. Lane County Health and Human Services is a Department within Lane County, Oregon local government. Regionally, over 58,000 low-income residents are served annually through programs, contractual agreements and partnerships with 40 public and private human service and housing agencies. LC has exceptional experience in developing and operating programs to meet the health and human service needs of the populations targeted in this application.

Laurel Hill Center is the subrecipient for this project. The organization has been a leading nonprofit behavioral health provider in Lane County since 1991 and serves nearly 650 individuals with chronic mental illness every year. At least 13 percent of those households were experiencing homelessness, while others were at risk of homelessness. Laurel Hill Center has extensive experience serving unhoused populations and providing housing with supportive services in Lane County. In 2019, the agency was awarded a 5 year nearly 2 million grant from Substance Abuse and Mental Health Services Agency to provide street outreach to chronically homeless individuals and to connect them to supportive services and housing. Between 2018 and 2019, Laurel Hill Center worked with Homes for Good, the sole PHA in Lane County, to secure Mainstream Vouchers, providing housing to 53 households who were homeless, at-risk of homelessness, or exiting an institution. The organization also works with Homes
for Good to provide supportive services to clients in the Madrone Permanent Supportive Housing program. Laurel Hill Center operates and provides property management services for another two HUD congregate site complexes for individuals with a documented disability, with 32 one-bedroom units in Eugene. The agency owns an additional 5 housing sites in the Eugene/Springfield metro area. In partnership with Bell Property Management, these sites provide homes and services to an additional 56 units. With a nearly 7 million annual budget from Federal, State, local, and private funds, Laurel Hill Center has strong organization operation and financial systems in place.

2. Describe your organization’s (and subrecipient(s) if applicable) experience in leveraging Federal, State, local and private sector funds.

As the applicant, the Lane County has a 44-year history of integrating and leveraging local, state and federal funding sources resources, while engaging business, private and philanthropic sectors as partners to improve outcomes for the homeless and people at risk of homelessness. Lane County coordinates and integrates services maximizing the use of public sector resources and leveraging private sector resources to meet human needs. LC provides the community with access to state and federal grants, leveraging local resources. LC staff work to continually identify all federal, state, and local funds to support the core components of a comprehensive, high-quality CoC system. Innovative funding strategies have always been an important building block. In this way, LC is able to use categorical funding for homeless programs at both the federal and state levels and meld them while leveraging private sector resources to perform the challenging work of comprehensive system building.

As the subrecipient and service provider for this project, Laurel Hill Center has extensive experience leveraging Federal, State, local and private funds. The organization has contracts with Oregon Health Authority (State), Substance Abuse and Mental Health Services Administration (Federal), Public Housing Authority (Local), and private foundations (Local). Laurel Hill Center is also a certified outpatient behavioral health provider for the State of Oregon and has a robust tracking system to bill and receive Medicaid funding.

3. Describe your organization’s (and subrecipient(s) if applicable) financial management structure.

As a county governmental organization, Lane County (the applicant), has a very sophisticated financial accounting system in place. Lane County follows the well-established Lane County financial policies and procedures manual, which was approved by the governing board to document the financial policies by which the organization operates in accordance with Generally Accepted Accounting Principles. The policies are also reviewed during the annual financial audit for consistency with GAAP and for compliance with OMB Uniform Guidance. As a division of the Lane County Department of Health and Human Services, the Human Services Division has a clear separation of duties regarding collection, posting, and depositing of receipts, accounts payable, bank reconciliations, and check signing. The organization’s accounting system is more than adequate to track all revenue sources and expenditures in sufficient detail to obtain financial data on each program and each service within a program.
Laurel Hill Center operates a nearly $7M annual budget. Financial statements are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles, and are audited annually by an external accounting firm. The organization maintains records for different programs and grants using cost centers. Indirect costs are allocated to cost centers based on FTE in the program (administrative & general costs) or on square footage of occupancy (for facilities costs). Lane County audited Laurel Hill Center in 2021 and found that the agency has adequate financial management and accounting systems in place in accordance with the requirements of 2 CFR part 200.

4. Are there any unresolved HUD monitoring or OIG audit findings for any HUD grants (including ESG) under your organization?  No

9. Will this project include replacement reserves in the Operating budget? No
3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

The Nel is a new, 45-unit permanent supportive housing (PSH) apartment community that will be located at 1100 Charnelton in Eugene. Based in Housing First and Harm Reduction principles, this apartment community will provide permanent, stable housing as the first priority, while also offering the supportive services necessary to ensure each individual’s maximum opportunity for accessing care and overcoming homelessness. The Nel will serve chronically homeless adult households with high barriers to housing and level of vulnerability. Laurel Hill Center, is the subrecipient, and service provider, and will provide on-site, client-centered case management, housing stabilization services and life skills support. Supportive services staffing will include case managers and peer support specialists. Key project outcomes include the following: at least 80% of households exiting the program will exit to permanent housing, at least 85% of households housed through the program will be housed within 60 days of the entry date, at least 75% of households will maintain or increase their income through cash benefits, earned income or combination of both, at least 90% of households will be enrolled in mainstream benefit such as Medicaid, SNAP, TANF, VA services, etc. within the first 3 years. The site is ideally located in downtown Eugene near facilities that provide access to public transportation, public library, Federally Qualified Health Center, and several social service and community agencies. While CoC funds will specifically cover supportive services, this project relies on key partnerships with Homes for Good (the sole PHA in Lane County) and Quantum Residential. Homes for Good is the lead developer agency and is responsible for capital construction, as well as overseeing the property management contract and administering rent through the Section 8 Project Based Voucher program. Quantum Residential is the on-site 24/7 property management agency. Homes for Good and Quantum have partnered with Lane County on other PSH projects in the community and are experienced working with chronically homeless households using the Housing First and PSH model.

4. Will your project participate in the CoC's Coordinated Entry (CE) process or recipient organization is a victim service provider, as defined in 24 CFR 578.3 and uses an alternate CE process that meets HUD's minimum requirements?

Yes

5. Housing First

5a. Will the project quickly move participants into permanent housing?

Yes

5b. Will the project enroll program participants who have the following barriers? Select all that apply.

- Having too little or little income [X]
- Active or history of substance use [X]
Having a criminal record with exceptions for state-mandated restrictions

History of victimization (e.g. domestic violence, sexual assault, childhood abuse)

None of the above

5c. Will the project prevent program participant termination for the following reasons? Select all that apply.

Failure to participate in supportive services

Failure to make progress on a service plan

Loss of income or failure to improve income

Any other activity not covered in a lease agreement typically found for unassisted persons in the project’s geographic area

None of the above

5d. Will the project follow a “Housing First” approach? Yes

(Click ‘Save’ to update)

6 Will program participants be required to live in a specific structure, unit, or locality at any time while in the program? Yes

6a. Explain how and why the project will implement this requirement.

This project will utilize a site-based model of PSH. The rent subsidy is provided through Project Based Vouchers (PBV) in partnership with the local housing authority, Homes for Good. The PBV are tied to the project/building units. The vouchers could have mobility after a period of time.

7. Will more than 16 persons live in a single structure? Yes

7a. Describe the local market conditions that necessitate a project of this size.

A shortage of affordable housing supply and low affordable rental vacancy rates (less than 3%) in Lane County necessitate a project of this size. Recent estimates indicate that for every 100 households in Lane County with extremely low incomes, there are only 16 units available. The Eugene/Metro area is experiencing a population growth rate that is unable to keep up with the demand for affordable housing. Lastly, there are 434 adult only households who are on the Coordinated Entry list for PSH, highlighting the demand for this type of project.

7b. Describe how the project will be integrated into the neighborhood.

This site is in an ideal location downtown in close proximity to public
transportation, health and social service agencies, public library, and other community resources. Individuals residing in the building will be able to participate in supportive services offered through Laurel Hill Center, as well as connected to community based resources in the area.

100% Dedicated or DedicatedPLUS

A “100% Dedicated” project is a permanent supportive housing project that commits 100% of its beds to chronically homeless individuals and families, according to NOFA Section III.3.b.

A “DedicatedPLUS” project is a permanent supportive housing project where 100% of the beds are dedicated to serve individuals with disabilities and families in which one adult or child has a disability, including unaccompanied homeless youth, that at a minimum, meet ONE of the following criteria according to NOFA Section III.3.d:

(1) experiencing chronic homelessness as defined in 24 CFR 578.3;
(2) residing in a transitional housing project that will be eliminated and meets the definition of chronically homeless in effect at the time in which the individual or family entered the transitional housing project;
(3) residing in a place not meant for human habitation, emergency shelter, or safe haven; but the individuals or families experiencing chronic homelessness as defined at 24 CFR 578.3 had been admitted and enrolled in a permanent housing project within the last year and were unable to maintain a housing placement;
(4) residing in transitional housing funded by a joint TH and PH-RRH component project and who were experiencing chronic homelessness as defined at 24 CFR 578.3 prior to entering the project;
(5) residing and has resided in a place not meant for human habitation, a safe haven, or emergency shelter for at least 12 months in the last three years, but has not done so on four separate occasions; or
(6) receiving assistance through a Department of Veterans Affairs (VA)-funded homeless assistance program and met one of the above criteria at initial intake to the VA's homeless assistance system.

A renewal project where 100 percent of the beds are dedicated in their current grant as described in NOFA Section III.A.3.b. must either become DedicatedPLUS or remain 100% Dedicated. If a renewal project currently has 100 percent of its beds dedicated to chronically homeless individuals and families and elects to become a DedicatedPLUS project, the project will be required to adhere to all fair housing requirements at 24 CFR 578.93. Any beds that the applicant identifies in this application as being dedicated to chronically homeless individuals and families in a DedicatedPLUS project must continue to operate in accordance with Section III.A.3.b. Beds are identified on Screen 4B.

8. Is this project 100% Dedicated or DedicatedPLUS? DedicatedPLUS
3C. Project Expansion Information

1. Is this a “Project Expansion” of an eligible renewal project?  No
4A. Supportive Services for Participants

1. Describe how program participants will be assisted to obtain and remain in permanent housing.

The Nel will serve chronically homeless single adults in a site-based apartment complex with on-site supportive services. The target population is expected to have significant barriers to housing placement, as well as disabilities related to mental health, substance use, physical health, and other chronic conditions. The program will use a housing first approach. The site-based model will eliminate the need for housing search in the rental market. Once in housing, on-site case managers will assist clients to stabilize and offer support to comply with their lease agreement. Staff will be trained in trauma informed care and harm reduction and will work closely on eviction prevention. Each person will work with a case manager to develop a housing stability plan (HSP). Peer support specialists w/ lived experience will be available to help them achieve the goals outlined in the HSP and connect them to community based resources. Case managers will have training in mental health (QMHA/QMHP).

2. Describe the specific plan to coordinate and integrate with other mainstream health, social services, and employment programs for which program participants may be eligible.

This project will work intentionally to connect participants to mainstream resources. Each participant will work with the service provider to assess barriers to housing and stability, and then will create a housing stability plan that will lead to successful exits from homelessness. Laurel Hill Center is the service provider and will have staff trained in SOAR to assist participants with SSI/SSDI income. Laurel Hill Center also has a supportive employment program that will be offered to participants who have barriers to employment or need job training assistance. Staff are experienced with connecting participants to non-employment income, such as SNAP benefits, veteran benefits, and health insurance. The project is located within a few blocks of a FQHC where participants can get assistance with Medicaid enrollment, primary care, and integrated behavioral health.

3. For all supportive services available to program participants, indicate who will provide them and how often they will be provided.
