

Geocaching Guidelines

To receive permission to place a geocache in a Lenexa park please email jdoty@lenexa.com with the coordinates, photo of cache and any pertinent details explaining the cache if it is a puzzle, multi-cache, etc. When planning to place the cache and when geocaching in our parks we ask that all geocachers follow the Geocachers Creed and Geocachers Etiquette found in this Geocaching Basics information guide. Staff will review to ensure that the cache will not destroy park property and does not disrupt other parkgoers' experiences. If we have concerns about the proposed cache we will discuss and try to determine a more appropriate location or container.
