Application for Development: Time to Act

• After an application is deemed complete, Planning Board must act on application within
  • 45 Days for minor subdivisions/site plans, preliminary major site plans of fewer than 10 dwelling units, final major site subdivisions/site plans
  • 95 Days for preliminary major site plans of more than 10 dwelling units
    • Failure of the board to render a decision within the stated time period shall constitute a favorable decision to the applicant

• Board of Adjustment must act on application within
  • 120 Days for all subdivision and/or site plan applications
    • Failure of the board to render a decision within 120 days shall constitute a favorable decision to the applicant

Application for Development: Referral to HPC

The Planning Board and Board of Adjustment shall refer to the Historic Preservation Commission every Application for Development submitted to either board for development in historic zoning districts or on historic sites designated on the zoning or official map or identified in any component element of the master plan (this includes the HPE).

This referral shall be made when the application for development is deemed complete or is scheduled for a hearing, whichever occurs sooner. Failure to refer the application as required shall not invalidate any hearing or proceeding. The Historic Preservation Commission may provide its advice, which shall be conveyed through its delegation of one of its members or staff to testify orally at the hearing on the application and to explain any written report which may have been submitted.

Application for a Certificate of Appropriateness

Application form and all accompanying documents to obtain that document issued by the Historic Preservation Commission required before work commences on any landmark or any building, structure, site or object located within a landmark district.

Source: Montclair Code § 347-128
Actions Requiring Review

A certificate of appropriateness issued by the Commission shall be required before a permit is issued for any of the following or, in the event that no other type of permit is required, before any work can commence on any of the activities listed below in this subsection involving any landmark or any building, structure, site or object located within a landmark district.

1. Demolition or improvement.
2. Relocation.
3. Change in the exterior elevation or any improvement by addition, alteration or replacement.
4. Any new construction of a principal or accessory structure.
5. Any change in existing, or addition of new, signs or exterior lighting.

HOWEVER

Work associated with an Application for Development approved by the Planning Board or Zoning Board of Adjustment is exempt from this requirement.

Application for a Certificate of Appropriateness: Actions NOT Requiring Review

**Actions NOT Requiring Review**

A certificate of appropriateness is not required for:

1. Changes to interiors.
2. Changes not visible to the public other than relocation or demolition.
3. Repair or exact replacement of any existing improvement, provided that the work does not alter the exterior appearance. The following activities are permitted as repairs:
   1. Identical replacement of existing windows and doors.
   2. Repairs of existing windows and doors and the installation of storm doors and windows that do not change their design, scale or appearance.
   3. Maintenance and repair of existing roofing materials involving no change in the design, scale or appearance of the structure.
   4. Structural repairs which do not alter the exterior appearance.
   5. Replacement of existing clapboards, shingles or other siding with identical material.
   6. Maintenance and repair of existing clapboards, shingles or other siding (including masonry) involving no change in the design, scale or appearance.
   7. Exterior or interior painting.

Application for a Certificate of Appropriateness

Emergency Repairs
When a landmark or a building, structure, object or site located within a landmark district requires immediate repair to preserve its continued habitability and/or the health and safety of its occupants or others, emergency repairs may be performed in accordance with Township codes without first obtaining a certificate of appropriateness.

Under such circumstances, the repairs performed shall be only such as are necessary to protect the health and safety of its occupants or others and/or to maintain habitability. A request for the Commission's review shall be made simultaneously with the onset of emergency work, and no work in addition to the emergency repairs shall be performed on the structure until an appropriate request for approval is made and approval is obtained in accordance with the procedures set forth in this article.
