Welcome to the summer 2024 edition of PLAY CAPE! Your Parks and Recreation department team continues to work diligently from season to season planning and implementing high quality, inclusive programs for individuals of all ages as well as maintaining and operating clean and safe parks and facilities. There are many programs, leagues, events and classes underway or being planned to allow EVERYONE a chance to get involved and enjoy the quality of life benefits that come with participating in organized recreation programs. If participating in programs or visiting one of our many facilities does not interest you, there are many green spaces, parks and trails available throughout the city that offer a chance to enjoy the outdoors and connect with nature. The overarching goals of your Parks and Recreation department is simple – to have a dedicated team that makes Cape a better place to live, work and PLAY!

We hope you enjoy this edition of PLAY CAPE! It is our privilege to provide this publication for you to help you get involved in all your Parks and Recreation department has to offer. Should you have any questions, concerns or comments, please do not hesitate to contact me or any member of your Parks and Recreation team. As always, it goes without saying, we are here to serve you!

Respectfully Yours,

Coaches Corner | Travis Smith

What is your coaching background? I have coached teams in the Cape area for over 12 years: Cape Optimist Basketball, Jr NBA, AAU Basketball and a Missouri Bulls baseball team. I also coached middle school basketball for 2 years back home in Indiana before moving back to the Cape area 20 years ago.

Why do you coach recreational sports? It is very important to me to give kids opportunities to succeed and grow. I tell my two sons all the time, “try every sport, and do what you love.” Coaching kids is a big responsibility, a Coach can ruin something for a kid, or they can be a catalyst for their success. For me, recreational sports is not about winning and losing, don’t get me wrong, I’m just as competitive as anyone, but you have to look at the long game when it comes to kids, some will blossom later in life, and I don’t ever want to be the reason a kid hates a sport or feels like they’re not quite good enough. Coaching is an opportunity to teach, not just the sport, but how to be a good person, how to be tough in life and how to be a team player.

Any advice for new coaches? Be a great example to your players. Some of your kids may not have a great examples in their life, you may be the positive force they have. Encourage them, if they do something wrong on the court/field, don’t be afraid to tell them, but use that opportunity to also build back up and tell them the things they are doing right as well. Kids nowadays are more apt to listen when they know you see the good in them as well.

How important is winning in recreational sports? Winning is important, but it’s not the end goal. There are things that are way more important than winning, things like fundamentals, work ethic, being a great teammate, being coachable, all these things, if done right overtime, will lead to winning. Everyone loves to win, but sometimes it’s losing that teaches us the greatest lessons in life.

Any words of wisdom? There are two things I always tell my teams, you can control attitude and effort. I don’t care how many mistakes a player makes, or how successful they are, if they’re giving me their best effort, and they have a great attitude, they are winners in my book. Not every kid is going to be a college athlete, as much as parents want that, at some point a kid may decide they want to do something different. But they will always remember the way you treat them as a Coach and they will appreciate the expectations you have of them as a coach. So, have high expectations, expect the best out of them, and tell them to “control the controllables”… and those are attitude and effort!

Improvement Update
The City of Cape Girardeau received a TAP Grant from the Missouri Department of Transportation to go along with City funds that will go for improvements to the existing Cape LaCroix Trail, from the Bloomfield Road Overpass through the Shawnee Park Sports Complex. Improvements will include overlaying and widening of the trail from 8 foot to 12 foot. A section of the trail will be rerouted due to an eroding creek bank. As part of the project, three trail bridges will receive new composite decking. This project is currently in the planning phase with the goal of starting construction the fall of 2025.

Board Member Spotlight: Phil Moore

Parks & Recreation Advisory Board

Meet Phil Moore, a proud Cape Girardeau native who has dedicated his life to serving and enriching his community. Phil’s roots run deep in Cape Girardeau as his family moved here when he was young and he grew up playing sports in the Cape city leagues. He went through the Cape Public school system and graduated from Cape Central High School in 1988. He continued his education at Southeast Missouri State University. Professionally, Phil is the Market Executive for the Southeast Missouri region of Banterra Bank, bringing over 30 years of experience in banking and finance to his role. His leadership and expertise are invaluable assets to both Banterra Bank and the Cape Girardeau community in the various boards he has served on.

Phil’s passion for community service is evident in his extensive involvement over the years. He has served two terms on the Cape Public Schools school board, demonstrating his commitment to shaping the future of education in the area. As a member and past president of the Cape Noon Optimist Club, Phil has tirelessly worked to uplift and inspire local youth. Beyond education and youth development, Phil has contributed his leadership skills to various organizations. He served two terms on the Cape Country Club board of governors, where he played a vital role in enhancing recreational opportunities for members and financial oversight for the club. Phil’s dedication to healthcare and philanthropy shines through his past membership with the Friends of St. Francis board, where he actively supported the hospital’s mission of providing exceptional care to the community.

Currently, Phil wears multiple hats as a community leader. He serves on the Southeast Missouri State RedHawks Club Board, supporting the athletic programs and athletes at Southeast Missouri State University. Additionally, Phil is a valued member of the Cape Parks & Recreation Board, where he continues to advocate for accessible and enjoyable recreational opportunities for all residents.

As a devoted father, Phil has been actively involved in his sons’ lives, especially in their sporting endeavors. Both of his boys grew up playing various sports in the city leagues and travel ball, where Phil not only cheered them on from the sidelines but also served as a coach, imparting valuable life lessons through athletics. His wife, Suzan, shares his love for Cape Girardeau, and together, they have instilled the values of service and community engagement in their children. His oldest, Zach, is an Asst coach for Cape Central baseball and will begin his teaching career this fall at Central High School as a math teacher. His other son Connor is a Sophomore at SEMO and is a sprinter for the SEMO track team.

It’s no surprise that both of their sons are following in their footsteps by attending Southeast Missouri State University, carrying on the legacy of community involvement that Phil has cultivated. Phil’s unwavering dedication to Cape Girardeau is truly commendable, and his contributions to the community as a member of the Cape Parks and Recreation Board continue to make a positive impact on the lives of residents. We are fortunate to have Phil as a shining example of service and leadership in our community.
