- Shared a citizen compliment received for Whole Child Manatee Program.
- Second quarter requirements were due on April 30, 2023, and all assigned programs have submitted their reports and Contract Manager is working to process reports.
- Reviewed recent compliance visits conducted as drop-ins for the following programs and there was nothing of concern noted during the observations:
  - PACE Center for Girls-Pregnancy Prevention Program
FELT-Weekend Meals Program
Children’s Home Society of Florida- Manatee Elementary Focus on Literacy Program

- Attempted to conduct a drop-in observation visit for the Just for Girls Stepping Up to Success Program to observe the Scholastic Saturday portion of programming without success. Upon Contract Manager’s arrival to the site during the advertised time program was to be held, there were clients present but no program staff. Contract Manager notified Program Coordinator as to the situation. Program Coordinator provided an update and shared the Just for Girl’s protocol is to notify parents of any changes in scheduling and that the April 29, 2023, activity had been rescheduled and parents are typically notified via a standard OneCall/Robocall. Unbeknownst to the program the parents did not receive the notification. Program staff contacted the parents to resolve the issue.

Melissa Bomar provided the following updates:

- Working with assigned programs for their second quarter requirements
- Reviewed recent compliance visit for Next Generation Academics with no concerns noted during the observation.
- Shared updates on the following agreements:
  - Boys and Girls Club- Great Futures Start Here Program’s Result 1 tracking is insufficient due to lack of I-excel (IXL) reporting and school board provided information.
  - Boys and Girls Club- Teen Program’s Result 1 and Result 2 are not currently being tracked due to staff vacancies. Contract Manager will be working with supervisor and department compliance staff to review.
  - Healthy Teens is requesting to omit SafePlace2B participants served for FY23 in their Result 2 tracking.

- If any CSAB members have lingering questions after scores have been entered, they are advised to use the link that has been sent to members. Staff will work to get the answers before the buffer meeting on May 17, 2023.
- For the Buffer meeting, tasks that need to be accomplished:
  - Review lingering questions, discuss as needed.
  - Final increase considerations to be determined after discussing the guidance and how it applies to cost of living increases and other questions that had risen during the review meetings.
  - Determine the process for the recommendation meetings. In the past, the process has been as follows:
    - First Recommendation meeting:
• Priority programs are considered and may be recommended for level funding, or
• If a new program, it may be considered and recommended for funding.
  • Second Recommendation meeting:
    • All other programs are considered and may be recommended for level funding, or
    • If a new program, it may be considered and recommended for funding, and
    • After all new and level investments have been considered, the CSAB proceed to consider and recommend increases.

• Recommend agenda topic during June meeting to determine if there are any initiatives CSAB members would like to support financially. Will need a sub-committee from June - July to review and make recommendations to CSAB for consideration.
  o Process would be like the regular application process but for specific services only with a shortened timeline. Recommendations for these programs/services would go to the BOCC as recommended initiatives and would be included in the budget for FY24. CSAB members are encouraged to think about initiatives. Some suggestions that have previously been shared:
