Director Sanchez expressed his dissatisfaction with the performance of Ellwood as the DB Plan investing consultant and noted his concern of the size of the plan’s unfunded liability.
District Manager Conway remarked the DB Plan is consistently in the top tiers of plans of this size and Ellwood’s counsel has resulted in a Plan that performs well in comparison with other public plans in the marketplace. Ms. Kostelecky clarified the unfunded liability is an actuarially determined value reported per accounting standards and is affected by a number of factors including anticipated rate of return.

Director Long replied stating as long as the investment advisor is bringing in a return near the assumption the DB Retirement Board has adopted, the consultant is performing well and the DB Retirement Board members are very diligent in making the best decisions for the DB Plan. He also explained what unfunded liability is and the DB Retirement Board’s obligation in ensuring enough proceeds are available to continue to pay all benefits.

Chairman Twombly thanked Director Long, Mr. Conway, and Ms. Kostelecky for their clarification, remarking staff remains apprised of the issue and ensures the Metro District proceeds in the right direction.

Director Dingess disagreed with Director Sanchez’ remarks, stating the Board of Directors can take comfort in Ellwood’s performance and stewardship of the DB Plan and noted that the unfunded liability is a not a “debt”.

Chairman Twombly requested Director Sanchez submit further questions in writing, to either himself or Mr. Conway, allowing staff and Ellwood to facilitate a response in writing. Director Long concurred written responses will allow for clarity for any possible future discussion on this issue.

7. **INDIVIDUAL DIRECTOR COMMENTS**

Director Sanchez requested the August 18, 2020 minutes reflect it was the renaming options for the Metro District he did not agree with, not the current logo.

Chairman Twombly responded to questions concerning the next meeting and steps for the Branding Committee. He also gave an update on the upcoming Fall Workshop scheduled for October 29, 2020, stating more information on the logistics and agenda are forthcoming. Currently 24 directors have elected to attend in person at the Gaylord Rockies Resort and Convention Center and 10 directors have elected to attend virtually.

District Manager Conway answered questions for in-person staff attendance at the Fall Workshop, stating required staff also have the option to attend virtually if not 100 percent comfortable attending an in-person event.

Director Sanchez expressed his dissatisfaction in selecting Wells Fargo as the bond underwriter.

Ms. Kostelecky explained how the bonds will work, made clear Wells Fargo will not receive any additional funding, and explained how the Securities and Exchange Commission “has really locked this down.”

Chairman Twombly requested Director Sanchez also submit these additional finance-related questions, along with his DB Plan questions, in writing.
District Manager Conway stated for the record, Consent Agenda Item 6.f – Consideration of Issuance of 2020A Bonds was unanimously approved.

9. OTHER INFORMATION
