II. Place of Business.

Commission meetings shall be held in any appropriate meeting place acceptable to the Commission within the City.

III. Meetings: Notice.

The Commission shall meet as necessary prior to municipal elections or any other time as determined by the City Clerk and the Chairman of the Commission. All Commission members and staff support shall be notified of meetings by the City Clerk. Special meetings may be called by the Chairman and/or City Clerk.

IV. Conduct of Meetings.

A. All meetings of the Commission shall be held in an orderly manner pursuant to a prescribed agenda.

B. The Commission may only meet if a quorum is present. A quorum shall consist of three (3) members.

C. All meetings shall be conducted by the Chairman, or in her/his absence the Vice Chairman, or if both the Chairman and Vice Chairman are absent, by one designated as the presiding officer by the majority of the members present.

D. All meetings shall be recorded by means of tape or stenographer.

V. Qualifications for Members.

The members of the Commission shall be qualified electors of the City. Members shall be appointed by City Council to four-year staggered terms. During their term of office, members shall not hold any elective federal, state, county or city office, nor be employed by the City, nor shall they be candidates for any elective office in the City. No spouses of either an Aurora Council Member or a candidate for the Aurora City Council may remain a member of the Commission. The affected spouse must resign when either her/his spouse makes a declaration of candidacy for the office of Mayor or Council Member.
VI. Duties.

The Commission shall make recommendations to City Council regarding ward boundaries, establish precinct boundaries within each ward and appoint Election Judges, if applicable, for each precinct for municipal elections. Major ward boundary changes shall be made in conjunction with the Municipal Election in years ending in “3” and “9.” In addition, the Commission shall discuss and make recommendations to City Council if requested to do so by the City Council on all topics relating to municipal elections including ordinances and resolutions.

VII. Casting of lots.

The Commission hereby adopts the following criteria as a guide in the event that voting for one or more office results in a tie vote in a municipal election. As the City is a home rule city, the Commission would carry out the procedure of casting of lots to determine the person or persons elected.

A tie vote would only be declared after canvass of votes by the City Clerk. This canvass shall be done as soon as practicable after the day of the election.

A. If a tie vote is determined, the Commission through its Chairman shall notify the candidates involved of the date, time and place of the “casting of lots” by the Commission.

B. This “casting of lots” shall take place at a time, place and date determined only by the Commission.

C. Affected candidates may attend and witness this process.

D. The Commission may request the presence of a Municipal Judge to witness this process.

E. No less than three (3) Commission members shall be present at the meeting for “casting of lots” to determine the person elected in a tie vote.

F. If a three-member Commission is present at the meeting to break a tie vote, the name of each candidate involved in the tie vote will be placed in three (3) separate sealed envelopes and placed in a container from which each of the three (3) members will draw one (1) envelope.

G. If a four member Commission is present at the meeting to break a tie vote, the Chairman will not participate in the process to break a tie vote and the procedure in “F” will be followed.

H. If a five member Commission is present at the meeting to break a tie vote, the name of each candidate involved in the tie vote will be placed in five (5) separate sealed envelopes and placed in a container from which each of the five (5) members will draw one (1) envelope.

I. In “F,” “G,” and “H,” the candidate whose name is drawn the majority of times will be declared the person elected to the office. A simple majority will prevail.
J. Candidates’ names will be typed on paper ready for review before insertion in the envelopes. Commission Chairman shall, in the presence of attendees at the meeting, place the proper number of names in envelopes pursuant to “F,” “G,” or “H.”

K. The “casting of lots” by the Commission will be final.

L. Any further concern regarding the election of such candidates must be addressed through the provisions of the Colorado Municipal Election Code entitled “contests.”

M. The City Clerk shall cause the Statement and Certificate of Determination to be completed and properly certified to the Secretary of State based on the outcome of the “casting of lots.”

The procedures for “casting of lots” by the Commission shall be completed as soon as practicable prior to the beginning of the term of office in question.

X. Agenda Format.

The format of the agenda shall follow the model found in Attachment A.

2019 Re-Warding Information

Staff developed an algorithm to determine the municipal population by county precinct within each ward using data from the Census Bureau, community surveys, and several permit types.

- US Census published population numbers in May 2018 with estimates as of July 1, 2017.
- Staff took all of the certificates of occupancy the city issued since July 1, 2017 to July 1, 2018 to produce a local estimate of the population. All certificates of occupancy were assumed 100% occupied. That number was used and divided by 6. That was the target number they used to try and get each ward to plus or minus 5-10% deviation.

City Code Section 54-5

a) The city is divided into six wards, numbered consecutively as I, II, III, IV, V and VI. The boundaries of each ward shall be depicted and set forth on the official ward map of the City, a copy of which is on file in the office of the city clerk and incorporated by reference into this chapter. In determining the boundaries established for each ward, whenever a common boundary between wards lies in any public street or right-of-way, the boundary of such wards shall be deemed to go to the centerline of the street.

b) Ward boundaries within the city shall be reviewed for election years ending in "3" and "9" using the United States Census Data and Community Surveys which update the census data, and, if necessary, the boundaries shall be revised or altered in order to ensure that wards are contiguous, compact, and have approximately the same number of residents.

c) In the event of significant changes to the population in years ending in numbers other than "3" and "9", the election commission may review the ward boundaries and make recommendations to city council.

d) In addition to the revisions made to the ward boundaries pursuant to subsection [b] of this section, ward boundaries may be revised or altered as necessary to bring them into conformance with county precinct boundaries.

e) Notwithstanding any City Code provision(s) to the contrary, an otherwise qualified individual who fails to meet the one-year registered elector and residency status applicable to ward council member elections, shall nevertheless be eligible to run for the office of ward council member when the change in ward boundaries occurs solely as a result of the City Code semi-decennial required ward boundary adjustment.
