   Discussion on Official Statement from Election Commission: The Commission recaps the main discussion points and course of action from the last meeting. Molly formatted all the pros and cons of the proposed charter changes and distributed a draft letter to the Commission.

   Lori asked about performing a study on why there is low voter turnout in the municipal elections. Dave explained that it inherently involves an investment of a budget which the Commission does not have. Kadee explained it would be a challenge for communications to take on the task and add it to the EngageAurora platform. Lori suggests making a recommendation to the council to consider a study, and not for the Commission to vote on. Molly agrees on adding the study as a recommendation to the letter being given to council. Bill recommends utilizing Channel 8 as a resource and focusing more on public outreach before the municipal elections to educate the voters. Kadee informs that she will reach out to the communications team to create brochures and flyers and to promote across social media. After discussion the Commission agreed that they are not able to give an informed recommendation because there is insufficient information on why voters in Aurora don’t vote in a municipal election and discussed the need for more time. They felt a study should be done on why there is a low voter turnout.

   The Commission finalized and discussed the letter to be presented to the council.
Molly motions to approve the final draft and provide their official recommendation to council, policy committee and citizens policy committee; Bill McCartin Seconds. Motion passed.

**Miscellaneous Items:** Molly requests that if a speaker is going to present at an Election Commission meeting that the Election Commission is notified beforehand if possible.
